COURSE MATERIAL

The NEBOSH Environmental Certificate training will provide for each delegate a course workbook and official Environmental Certificate Study Book to assist them both during and after the course which will contain information, guidance, and forms to assist managers. The course is designed to be interactive, allowing delegates the opportunity to develop their skills with the support of the course tutor.

COURSE TUTOR

Our environmental course tutors are qualified and experienced health and safety consultants with a background in health and safety training and delivering engaging health and safety training courses. All consultants hold membership of the Institute of Environmental Management and Assessment (IEMA).

TRAINING PROCESS

Face-to-face sessions or online training continue an interactive and innovative learning technique. This is full-time block 5-day training consists of intensive and focused training delivered. This training also provides lectures, videos, discussions, activities, assignments and sharing of professional experiences among delegates and trainers. During this period,

Our expert and 'hand-on knowledge' tutors will teach and guide the learners to achieve and successfully training results. The tutor also provides support in terms of assessment preparation throughout the course of study.

COURSE BENEFITS

The NEBOSH Environmental Management Certificate is a globally relevant qualification. This qualification is designed specifically to help your organisation manage its positive and negative environmental aspects and support the implementation and continuous improvement of effective environmental management systems. The NEBOSH Environmental

Management Certificate is also an ideal choice for anyone who has or would like to have environmental management responsibilities at work. This qualification will help you to:

- justify environmental management in the workplace.
- recognise which workplace activities may be subject to environmental legislation or enforcement.
- understand environmental aspects and impacts and evaluate existing controls and emergency planning.
- identify the importance of reducing environmental harm.
- figure the issues associated with waste and its management.
- understand the various energy sources and how to use them more efficiently.

LEARNING PRIVILEGE

1. Hardcopy of NEBOSH EMC course book at the start of the training.
2. NEBOSH EMC timetable
3. Merchandise
4. Venue at 4-5 Star Hotel if face-to-face program

REVISION SUPPORT

Revision is an important part to pass an exam but really understand that is not easy to do it. Handal Consulting and training provides the tips of revision tools. The mutualism tutor and learner will generate an interactive scenario of the revision workshops. It provides you with the opportunity to discuss specific subjects with the expert tutor, practice questions, receive feedback on your answers, and will get a tip with associate learners. It also allows you the chance to avoid the common mistakes that have been made in exams, so you don't fall into the same trap.

Handal Consulting & Training workshops are necessary in helping you build confidence in conducting the exams, as follows.

- Unit EMC1 & EMC 2 will discuss in detail for every learner, the tutor will discuss with one-by-one learner.
- Learner is allowed to review significant topics from throughout the whole syllabus.
- It allows the learner the chance to work through past exam questions with both a tutor and your associate learners.
- Sharing an idea between the learners to get an appropriate answer.
- Exam time management.
- Exam stress management.

ONLINE EXAM TIPS

NEBOSH Environmental Management Certificate will be conducted through to Open book examinations (OBE) system that is to allow all learners for access via online system from all over the world, enabling them to complete assessments and achieve NEBOSH qualifications from a safe and suitable location. For that reason, the following tips will be provided to the learners for preparation of examination.

- Learner will provide the personal email with free email provider, such as Gmail. Yahoo and others instead of formal email address. To avoid spam or the others handicap if the learner uses their formal email address so that NEBOSH will be easy to send the exam link.
- Check the internet connection before the learner will conduct exam and check the link that has been sent by NEBOSH.
